Polygraphic.

PI Logo Preview »

As an extra service we offer our webshop customers the opportunity to use our new tool PI Logo Preview. This tool gives you an idea of how your logo will look on your clothes. PI Logo Preview is very easy to use. In just a few quick and easy steps your logo is visible on the selected garment.

PI Logo Preview is linked to your webshop environment and offers you the following options:
» Choice of different garments
» Garments like shirts and sweater can be adjusted to any desired color
» Easily select and scale your logos from the web shop
» Ability to upload other/new logo files as well
» Logo positioning possible with the aid of a grid
» Logos can be displayed on both the chest and the back of the garment, or together in 1 overview
» Created previews can be downloaded as a file for later review

You will find a link to PI Logo Preview at the bottom of the page in our webshop. The webshop is accessible via our website: https://www.polygraphic.com/en/webshop. You can log in here or if you do not have an account you can register here, after which your personal login details will be sent to you.

If you have any further questions about PI Logo Preview or our webshop, please contact our Sales Team on +31 (0)30 6006050 or sales@polygraphic.com. We are happy to help you in any way we can!
